DATASHEET

TECHNICAL SPECIFICATIONS

MOD. RAS-M-4

Aluminium modular bike grid 1.86 metres long, with 4-bike upright racks. It can be combined with our ST&GO bike station for maintenance and inflation.

USED MATERIALS

Anticorodal aluminum structure, molded plastic components, various stainless steel bolts.

POWDER COATED FRAME RESISTANT TO UV RAYS STANDARD COLORS (MAT)

Ral 5024 (Air Force Blue) Ral 7030 (Urban Grey) Ral 6021 (Olive Green) Ral 7016 (Anthracite Black)

HOW TO INSTALL IT

The rack has 8 holes Ø11 that allow it to be fixed to the ground, using the fixing caps it comes with. Anti-theft caps are available on request. For safety reasons, we recommend using the RACK only after its installation.

MAINTENANCE

Despite its exposure to atmospheric conditions, the rack does not require any extraordinary maintenance work, due to the fact that it is made of aluminium and steel components. We recommend covering it in the event that it is not used in winter.

SIZE AND WEIGHT

H 100.5 cm - W 186 cm - D 50 cm - Weight 25,5 kg. *(See page 3)*

PACKAGING SIZE AND WEIGHT

H 102 cm - W 191 cm - D 27 cm - Weight 31 kg.

CUSTOM GRAPHICS

Possibility to customise the rack with client-provided graphics. A vector file is required (.PDF, .EPS, .AI), and a separate quotation will be issued for the graphic customisation work. We recommend providing vertically oriented graphic elements. *(See page 5)*

WARRANTY

All products include statutory warranties and CE marking. The warranty covers manufacturing defects and malfunctions not caused by improper use. Replacement or free repair is at the supplier's discretion. **The warranty does not cover damage caused by misuse, negligence, tampering, accidental events or external factors (e.g. lightning, flooding), or the replacement of wear parts or interventions carried out by unauthorised personnel**. Warranty period: 2 years from the product delivery date.

ACCESSORIES

ACCESSORIES

MOD. RAS-M-4

STAFFA-RAS

4 horizontal brackets associated with the existing 4 racks, covered with scratch-resistant plastic material, placed under the horizontal bar of the rack which allow you to tie with your own chainlock the bicycle frame to the rack.
Height 632.5 cm - Width 204 cm - Depth 822 cm

PB-EXTRA-4

4 extra vertical bike racks to be placed on the back of the rack's supporting structure. Combined with the existing 4 racks, they allow you to park 8 bicycles.

MP-3

Scratch-resistant black plastic brackets for **3 scooters rack** to park between one bike rack and another.
Width 200 cm - Depth 300 cm
Thickness 15 mm.

MP-6

Scratch-resistant black plastic brackets for **6 scooter racks** (3 on the front and 3 on the back) to be parked between one bike rack and another.
Width 200 cm - Depth 570 cm
Thickness 15 mm.

Possibility of connecting our ST&GO maintenance stand on the right side of the rack, to combine the parking and charging functions of the rack with those of the stand which include maintenance tools and tire inflation pump. In the case of a rack-stand combination, the rack's power cable comes out on its left side.
